

Good evening,

As you've no doubt experienced, the Coronavirus situation continues to evolve and changes our day-to-day concerns. Because of this I wanted to send an update on two hot topic issues:

Apply for Free or Reduced Price Meals

It has come to my attention that due to a variety of circumstances related to the pandemic, some of our families' financial situations have changed and would now likely qualify for free and reduced price meals at Wimberley ISD.

Families can apply anytime within the year for this program. To begin the application process to receive free and reduced price meals at WISD fill out the attached application (English or Spanish version) or go online to:

<https://www.mealappnow.com/manwim/splash.php>

The online application is a quicker option, but for those who need to use the printed applications, you can return it to us at 951 FM 2325, Wimberley, TX 78676.

Graduation

One of our priorities through the delays and closures of this situation has been to ensure that our Class of 2020 seniors are properly honored and congratulated. Several weeks ago we were informed that Strahan Coliseum has cancelled all of their graduation events, so we began to discuss other options. Several different ideas for a graduation celebration have been discussed, and on Monday I will meet with the WHS principal and several staff members to talk about the viability of these options. The hope is to have a final solution in place by the beginning of May so our families can plan and prepare.

Enjoy your weekend and stay healthy!

Dwain York
WISD Superintendent
